OUR SPECIALTY

SIGNATURE COFFEE KOPI LUWAK 15.0

The experience begins in South East Asia with a unique method of coffee bean selection. Wild Palm Civets, cousins of the Mongoose, carefully choose the highest quality of coffee cherries as their main source of nourishment. These are then digested + defecated by the Civet + later gathered by the Cenzo's coffee harvester. The genuine Kopi Luwak beans are then delicately sun dried, thoroughly washed + lightly roasted to yield a blend that is the perfect aroma for the coffee connoisseur.
